NIKOS CHRISTOFORIDIS
Creative React Developer | Web & Graphic Designer

Computer Science Graduate
(ATEI Thessaloniki)

Creative React Developer and Web Designer with strong experience building responsive, user-friendly web applications using React, Next.js, and TypeScript. I combine technical skills with a solid design background to create clean, modern interfaces based on Figma or custom designs. Comfortable working with animations (GSAP, motion.dev) and reusable components, I focus on building fast, scalable front-ends that look great and work smoothly across all devices.
